All landscaping and structures or other improvements permanently attached to or embedded in the ground shall become a part of the realty upon their installation and belong to the Landlord. Upon Tenant vacating the Homesite, such improvements shall remain upon and be surrendered with the Homesite. Landlord may, however, at its sole option, permit or require Tenant to remove, at his own expense, said improvements. Tenant shall repair any damage to the Homesite caused by the removal, including, but not limited to, the filling in and leveling of holes or depressions and shall leave the Homesite in a neat and uncluttered condition with the Communities original engineered grade intact.

31. Eminent Demand

If the entire Community, or a portion thereof so that in Landlord's sole opinion the balance remaining is not suitable for a manufactured home community, is taken under the power of eminent domain, or is sold to any authority having the power of eminent domain, either under threat of condemnation or while condemnation proceedings are pending, then this Agreement shall automatically terminate as of the date the condemning authority takes possession. Any award for any taking of all, or any part of the Community under the power of eminent domain shall be the property of the leasehold or for taking of the fee. Nothing contained herein shall be deemed to preclude Tenant from obtaining any award for loss of or damage to Tenant's removal of personal property or to give Landlord any interest in such award.

32. Disputes

- 32.1 Any dispute between Tenant and Community relating to, concerning or connected with this Agreement, residency documents, the interpretation or enforcement thereof, the leasehold, the leasehold premises, services, facilities, or maintenance in or about the manufactured home Community, and any dispute respecting these matters between Tenant and any officer, director, agent, employee, or partner of Community ("Communities Affiliate"), shall be resolved in accordance with the provisions set forth below.
- 32.2 A written notice of dispute shall be sent to all adverse parties within sixty (60) days after the claim, dispute, or other matter in question has arisen, or within sixty (60) days after the party seeking redress reasonably could have acquired knowledge of the event or condition giving rise to such dispute, whichever is later. Notice of dispute must provide (i) a description of the dispute, (ii) facts from which the dispute arises, including witnesses, dates, times, and circumstances, and (iii) a description of the relief or action requested.
- 32.3 Within ten (10) days after the notice of dispute has been made, the parties shall meet in person or through their duly authorized representatives, to discuss their respective positions, exchange all available evidentiary material and endeavor to resolve the dispute. In an agreement to resolve the dispute is not reached within twenty (20) days after the scheduled date of this meeting, then either party may pursue any other legal remedy available.
- 32.4 Notwithstanding anything contained herein to the contrary, the following matters shall be exempt from provisions of this section:
- A. Unlawful detainer and forcible detainer actions; and
 - B. Actions for injunctive relief provided, however, that said actions shall be abated or stayed except to the extent necessary to afford the parties the right to obtain and enforce provisional injunctive relief (temporary restraining orders and preliminary injunctions).

33. Delay in Delivery of Possession

This Agreement shall not be rendered void or voidable by the inability of Landlord to deliver possession of the Homesite to Tenant at the beginning of the lease term, nor shall any inability to deliver render Landlord liable to Tenant for loss or damage suffered thereby. If Landlord cannot deliver possession of the Homesite, the rent for the period between the beginning of the term and the time when Landlord can actually deliver possession will be deducted from the rent due.

34. Headings

This title of the paragraphs and subparagraphs contained herein are inserted solely for convenience and under no circumstances are they or any of them to be treated or construed as any part of this Agreement.

35. Notices

All notices required or permitted under this Agreement must be in writing and may be served upon Landlord or Tenant by any means then permitted by law. Tenant understands that any notice of Landlord terminating Tenant's tenancy must be given to Tenant in writing in the manner described in the Nevada Revised Statutes. The service of any other notice on Tenant, including, but not limited to, a notice of rent increase, a notice of amendments to the Communities Rules and Regulations, Architectural Guidelines, Standards for Maintenance of Physical Improvements in the Community, Additions, Alterations or Deletions of Services, Equipment, or Physical Improvements; notices relating to other matters, may be duly and validly served if the notice is mailed to the Tenant at his address in the Community by First Class United States mail, postage prepaid or provided in the Communities internal mail slots or boxes (if one is provided) for the Communities Tenants. Tenant may elect to have all notices email to the address approved and on file if he/she gives written approval by initials herein on the paragraph.

36. Time of Essence

Time is of the essence with respect to the performance of every provision of this Agreement in which time is a factor.

37. Invalidity of Provisions

37.1 Certain terms and provisions of this Agreement and other documents referred to in this Agreement refer to, restate or summarize provisions of Chapter 118B and other applicable laws. In every instance it is intended that these references, restatements and summaries will accurately reflect the law and correctly set forth Tenant's and Landlord's rights, liabilities, duties and obligations to one another and to other persons. The same is true of all of the other provisions of the Agreement and the other documents used by the Community. If any of the provisions of this Agreement or the other documents used by the Community fail in any way to meet the above criteria, then it is unintentional and all such provisions shall be deemed to be automatically revised to correctly reflect the Landlord's and Tenant's rights, liabilities, duties and obligations under the provisions of Chapter 118B and other applicable laws. Tenant agrees to promptly notify Landlord in writing of any instance where Tenant believes that any of the provisions of the Agreement or the other documents used by the Community fail to meet the above criteria.

37.2 If any term or provision of this Agreement or any document referred to in this Agreement of the application thereof to any person or circumstances shall, to any extent, be invalid or unenforceable, the remainder of the Agreement or the other document or the application of such term of provision to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected thereby, and each term and provision of this Agreement or the other document shall be valid and be enforced to the fullest extent permitted by law.

38. Choice of Law

This Agreement and all documents referred to in this Agreement shall be construed and enforce in accordance with the laws of the State of Nevada.

39. Acknowledgements

- 39.1 Tenant represents and acknowledges that this Agreement is being entered into between Landlord and Tenant for the personal and actual residence of the Tenant.
- 39.2 Tenant understands, agrees, and acknowledges that Tenant is acquiring a leasehold for a limited period of time, and is purchasing (or has purchases) only the manufactured home which occupies the Homesite. Ownership of the manufactured homesite remains with Landlord. The price, appraisal, or stated value of the manufactured home, may reflect not only the manufactured home's value, but its "site" value; that being the willingness of a lender to finance or a purchaser to pay a larger amount for the manufactured home by virtue of its location in the Community. In other words, the manufactured home may be worth substantially less off the Tenant's Homesite than on the Tenant's Homesite. Tenant understands that Tenant is not entitled to receive any value for the Community Landlord's property.

40. Roads within Community

All roadways within the Community are Dirt/Gravel roads and have been Dirt/Gravel roads since the start of this Community and built under those original Nye County requirements. The Community will continue to be Dirt/Gravel for the foreseeable future. Tenant accepts that the Dirt/Gravel roads will inherently create daily dust and particulate matter caused by daily use of the roads within the Community. Tenant accepts that Dirt/Gravel roads are not the best surface for wheelchair persons or persons of limited mobility and/or compromised walking ability due to age or other physical limitation. Further the Tenant has inspected and accepts the Dirt/Gravel roads. Further Tenant accepts the mobility limitation and dust, or particulate matter generated and/or always present with daily use of Dirt/Gravel roads within the Community. Tenant further, by the acceptance of the Community roads and this agreement, will not request or cause the Landlord to improve roads owned by the Community at any time in the future. To help combat and mitigate the issues with Dirt/Gravel roads within the Community, the Landlord at least annually, will grade and water the Dirt/Gravel roads within the Community.

41. Water Usage and Management

At the time of this agreement, it is acknowledged and understood that the tenant has no water meter attached to his Homesite. Due to this fact, Tenant agrees that landlord may from time to time and at his sole discretion adjust, reduce, turn off and or manage the usage of water for outside plants, trees, shrubs, lawns, or foliage located within tenant's space. Tenant agrees to allow Landlord to adjust water landscape clocks owned and maintained by the Tenant. This availability for Landlord to manage water conservation does not remove or eliminate the tenants responsibly to maintain all landscaping on their Homesite as per section 7 in this agreement. It is the desire of the Landlord to manage and provide guidelines, and if need be, enforce guidelines of water usage that are set forth by local or state agencies on water usage on the outside of their Homesites and to prevent homeowners from over watering or underwatering their Homesites landscaping and provide some amount of water management for the benefit are the Community and its Tenants as a whole.

42. Outside Lighting of Home or Space

Tenant will provide at his or her sole cost and expense some form of outside lighting for the benefit of all tenants of the Community. The outside lighting will be in the form of outside home lights mounted in the front of the home (street side) and/or landscape lighting that will remain on from dusk to dawn. All outdoor lighting will always need approval by Landlord before it is implemented, put up, installed, or modified.
